## Dudobi Dedicated Servers and Server Management

Just more ways we simplify, streamline, and safeguard your business.

In line with our promise to deliver the “**Dudobi Difference**,” we offer **dedicated servers** and comprehensive **server management**. Well-maintained servers are key to smooth business operations and peace of mind, and always will be.

### DEDICATED VIRTUAL AND PHYSICAL SERVERS

We'll work with you to design the **most robust and relevant solution** for your business needs.

### DYNAMIC SERVER MANAGEMENT

We'll manage any of your servers on your behalf, whether hosted in-house or by another provider.

### CELEBRATED SUPPORT AND SERVICE

We leave no stone unturned and cut no corners to deliver premium services as standard. 24/7 support, monitoring, and maintenance should be a given, not an extra.

- Get unlimited, uncompromising service and support when and where you need it
- 24/7 monitoring and break-fixes to prevent issues becoming problems
- Trusted, comprehensive backup and recovery services for peace of mind
- Integrated patch management solutions, keeping your servers up-to-date and secure

-  **The Dudobi platform** offers enterprise-level security, service, and reliability
-  **Server hosting** and management customised to your exact requirements
-  **High availability built in** with redundant firewalls and enterprise server hardware
-  **Super-fast**, replicated and secure network storage options
-  **Installation** and management of software
-  **Enhanced monitoring** and support from day one
-  **Rapidly scalable storage**, processing power and memory

The “**Dudobi Difference**” is rooted in bespoke services that **address issues** before they become problems. We follow **best practice guidelines**, including dedicated firewall zones for your various servers, all backed by Dudobi’s **celebrated personalised service**.

However - as always, Dudobi takes you beyond “tech talk” with:

-  **Reliable and experienced** server hosting and management
-  **Complete service** under one roof with a single point of contact
-  **Proactive, hands-on care** and support of software, networks, and security
-  **Customised solutions**, tailored to YOUR needs

Backed by almost **two decades of experience** and a passion for what we do, we do more than provide services - **we deliver solutions built to last**. With everything under one roof, there’s no need to call 100 different companies for 100 different requirements. We do it all, so that you can have it all.
